Aromatherapy can help alleviate the symptoms of many common ailments and more typically stress-related illnesses. It is uniquely suited to self-care and can easily be incorporated into your personal health maintenance.

I use high quality essential oils from aromatic plants individually blended to suit your needs to provide a deeply penetrating, relaxing and uplifting massage.

Reflexology 30 mins – £25.00

A feeling of well-being is diffused in the whole body and reaches the spirit: Bamboo Treatment reduces tension, stimulates senses, reactivates circulation, restores the silhouette and smoothes the skin. Because of its draining, relaxing and calming effects it's indicated both for women (particularly in presence of cellulite) and men (ideal for sportsmen).
